BLURB EDITOR  
NUMBER-15

AN 'OLDE' EDITOR RETIRES..  
AND ANOTHER 'NEW' EDITOR  
JOINS THE BLURB.

Public Service Since 1949

VOLUME 48  
NUMBER 10

is published monthly by, and for, the members of **The PHIL-MONT MOBILE RADIO CLUB, INC.** whose purpose is to promote Amateur Radio in general, and Mobile Radio in particular. Copying and quoting is permitted with a credit line. We gladly exchange publications with other amateur radio clubs; requests should be sent to the Editor. Subscriptions are available to nonmembers for \$10 addressed to the Treasurer. The club meets at 7:30 PM on the *second* non-holiday Wednesday of every month at **The Franklin Institute Science Museum**, Benjamin Franklin Parkway at 20th Street, Philadelphia. Enter from Winter Street or the parking garage on 21st street. **ALL VISITORS ARE WELCOME!**

**Amateur Radio License Examinations** are held on the *first* non-holiday Thursday of every month at The Franklin Institute Science Museum—doors close at 6:30 PM-*SHARP!*

## CLUB INFORMATION

**Mailing address:** P.O. Box 88, Abington, PA 19001

**Internet Web site:** <http://www.phil-mont.org>

**E-mail:** [pmrc@comcat.com](mailto:pmrc@comcat.com)

**2-meter repeater:** 147.03 MHz (Main site Roxborough receiver requires no PL, but transmits 91.5 Hz.)

**Additional off-site receivers require the following subaudible tones:**

*Southampton* 131.8 Hz—*Center City* 103.5 Hz—*Lansdale* 114.8 Hz—*Broomall* 85.4 Hz

**70-cm repeater:** 444.80 MHz (186.2 Hz PL)

**Simplex:** 147.51 MHz

**24-hour club information at W3AA:** 215-448-1139

## STATIONS

**W3AA** - (Formerly W3TKQ) The Franklin Institute Science Museum, Philadelphia, PA - Trustee WU3I; Manager: W3STW

The club sponsors this world-class demonstration station, and welcomes all licensed amateurs to operate it.

**W3AA** packet BBS frequency: 144.99 MHz: [w3aa@w3aa.sepa.pa.usa.noam](mailto:w3aa@w3aa.sepa.pa.usa.noam)

**W3AA** e-mail: [w3aa@fi.edu](mailto:w3aa@fi.edu)

**W3EM** - Field Day and special events station - Trustee W3VVS

**W3QV** - 147.03 MHz repeater - Ridge & Port Royal Avenues, Philadelphia, PA - Trustee W3BBB

**DIRECTORY SUPPLEMENT** A mid-year supplement to the 1998 PMRC Membership Directory is included with this issue. In addition to new listings, members who have changed their call, addresses or phone number(s) are also noted. If you have changes please note them on your 1999 Dues Invoice, which will be included with your January BLURB.

**E-MAIL/PACKET LIST** Please note the E-MAIL/PACKET List. If you would like to be included on the 1999 list (April) please send your information to: [wb3koj@comcat.com](mailto:wb3koj@comcat.com) or [wb3koj@w3ch.sepa.pa.usa.noam](mailto:wb3koj@w3ch.sepa.pa.usa.noam)

**HELP PHIL-MONT** Are you planning to join ARRL or renew your current membership? Help P.M.R.C. by joining or renewing through the club...contact Mike Tannenbaum - K2BN, for details.

**"DON'T TAILGATE... WAIT"**—for the courtesy 🚗!

## ANNOUNCEMENTS

*Net Control stations should read the following announcements before asking if there are any more announcements for the net.*

- VE testing will be held on October 1st at 6:30 P.M. The 1998 ARRL VE test fee is \$6.35, but there is no charge for the Novice test.
- On October 7th the Director's meeting will be held in Roxborough at the home of W3AOK.
- The General Meeting will be held on October 14. The program will be about APRS

The ARRL is more than just  
a magazine  
subscription!

## The PREZ SEZ

Well, here it is October. We have had plenty to do in the club this past month. We had the Volunteer meeting, with the W3AA staff. I came away feeling that the 12 people who showed up have a real love for the station and will do whatever it takes to keep it running. This was not echoed at the general meeting however.

Out of our 200 plus membership only 45 showed up. That shows a real lack of interest. Almost everyone had ideas for someone else to carry out. This was good, however only two stepped forward to help with the main problem—which is staffing of W3AA. We need to staff the station 7 days a week from 10:00 through 15:00 with at least two Hams. This is not being done at this time and **MUST** be done in order for us to continue to have the station exist. The W3AA staff has come up with, and put into action, a few new programs to make the station more active and interactive, with the many guests who visit it each day.

I have appointed Al (W3STW) as Station Manager of W3AA. Of course, Steve will remain the hard working Station Trustee. But one person will not make the show run. We need, and now have, a Hardware and a Program Manager at W3AA.

We are asking clubs in the area to help us out and have sent out a "help wanted" invite through the newsletters of other clubs. If you would like to help out at W3AA please contact me, Steve (WU3I) or Al (W3STW). This is an S.O.S. (Save Our Station)!

There are many members who do other things within the club. Lots of things, like

HARING continued from page 15

**N3TAL.** What do you see for the future of amateur radio?

**W3IIM.** I think the guys who are hollering about code are beating a dead horse. If they don't come along and modernize their thinking they will become like old time telegraphers, with smaller and smaller numbers. For Ham radio to have a future, it will have to stay current with the technology, and Hams will have to find ways to use it for the benefit of the public. Look at how often Hams are in the news whenever hurricanes and floods are mentioned. Fortunately, for us (unfortunately for Ham Radio) we don't have many such incidents in this area, so you'll seldom see any mention of Hams in our local news. That simply means that we need to be more proactive in keeping our activities in front of the public. *Every club should have a very active public-relations team in that regard. If we don't "blow our own horn," no one else will do it for us.* (EDITOR'S EMPHASIS) □

*PREZ SEZ continued from page 3*

keeping the repeaters working, editing the Blurb, directory, and so on. These folks do more than their share as it is and I really feel they should not have to take up the call to staff W3AA, as well. There are many members who do nothing for this club! You know who you are! The ones who take, but never give back to the hobby or the club or anything in life. Many of our older members just can't help on some of these things anymore, no matter how they try. The mind is willing, but the body is just not able. It's just not fair to ask the same people to pitch in, year after year, and do everything. If your'e not currently active in the club, give it a try. Whether it be W3AA or any of the activities we have here at Phil-Mont, throughout the year.

Moving right along, Phil-Monsters made a good showing at the MS-150 City to Shore Bike Tour this year. Well over 100 Hams from clubs throughout the NY, NJ, PA, DE & MD area came out to help on the largest two-day public service event in the USA. I would like to thank all who helped out. I am sure everyone had a great time. The event has once more raised over 1 million dollars for research, for people right here in our area, afflicted with MS. Your time and effort did the trick. For without Hams we would not have raised as much as we did for the cure! Once again, THANK YOU!

Just a reminder, it's your duty as a Ham to participate in at least one public service event per year. You can do more, but just one, no matter how large or small will help Ham radio and our community. It is painless and most of the time a whole lot of fun!

Don't forget, for those of you who live in Montgomery County, that on 10/13/98 at 10:00 hrs there will be a R.A.C.E.S. meeting, as well as SkyWarn spotter classes. It will be held at the County EOC on Eagleville Road in Eagleville, PA. with talk in on 146.835. All are most welcome to attend the meeting as well as the classes.

We are looking for members to host a Board of Directors meeting next year. Each month we meet at a member's home. If you would like to host a meeting in 1999, please drop me a note and we will start making a list for whomever is running our club next year. Well, I have much more, but I'm way over my space for this month so it will just have to wait till next month. a

**Come to a Phil-Mont meeting,  
and see what all the talk is about!**

## Minutes

### SEPTEMBER DIRECTORS' MEETING

*Carol Sebzda, N3PVO, Secretary*

The September Directors' Meeting was opened at 8:08 p.m. by Russ (W3CH). The following Officers and Directors were in attendance: Russ (W3CH), Charlie (AA3EP), Carol (N3PVO), Jim (W3BBB), Steve (WU3I), Dick (W3RM), Ed (KB3IV), Gene (N3XKE), and Al (W3STW). The following committees reported.

**FIELD DAY** - Steve (WU3I) reported he is looking to acquire a pop up camper to use as the cooking vehicle at Field Day.

**MEMBERSHIP** - Russ (W3CH) informed us we had one applicant to vote on for membership, Carol Hutkin (K2BL). A motion was made and approved by the Board to accept the applicant into membership. Welcome to Phil-Mont Carol.

**NET CONTROL** - Ed (KB3IV) reported the CW Net has returned from its summer hiatus and will be every Tuesday night at 8:00 p.m. More Net Control operators are needed for the CW Net. Contact Ed if you can help. Also the Sunday morning 10 Meter Net will make its move to 28.393 on September 6.

**PROGRAMS** - Charlie (AA3EP) reported October's meeting will be on APRS.

**REPEATER** - Jim (W3BBB) reported the power supply has been turned back on at the Center City offsite and the site is back up and working. Also, the repeater will be tied into an emergency backup power source as soon as it can be arranged with the people involved. The top arm bracket still needs to be put on the VHF antenna and will be put

on as soon as possible. Jim also reported the voter system should be completed sometime shortly and will be ready for installation after Labor Day. Al (W3STW) asked why our repeater does not have the advertising and announcement capabilities other repeaters in the area have. After a brief discussion Russ (W3CH) made a motion and the Board approved for someone to look into the cost of a DVR that would be compatible with our repeater. Al (W3STW) volunteered to report back to the Board with the cost and other information at the next Board Meeting, so the Board can make an informed decision. Also discussed was whether the club wants to salvage the antennas from the old repeater site, which are still mounted on the pole at the site. The general consensus was they may not be worth the trouble. No definite decision was made.

**PUBLIC SERVICE** - Charlie (AA3EP) reported the MS150 is coming up the last weekend of September.

**SUNSHINE** - Steve (WU3I) reported, Wally (W3UK) and Perry (N3AXJ) are on the mend.

**W3AA** - Russ (W3CH) reported 12 volunteers attended a special meeting, of which all W3AA volunteers were asked to attend. Several issues were discussed and as a result a list of things which would enhance the station was presented for discussion, such as, PMRC handouts, a 27" TV for slow scan and demonstrations on amateur radio,

*Minutes continued on page 9*

# THE W 3 A A REPORT

**O**CTOBER! Things here in the Museum are starting to gearing up for the arrival of school groups. I don't have to remind those of you who attended the volunteers meeting and general meeting how important it is to man the station. The new posted hours are 10 am to 3 pm. If, for any reason you cannot make your schedule, please call the VOLUNTEER OFFICE AT 215-448-1163.

Some new things are in the works....

First, thanks to Barry and Al for redoing the corner "hands on exhibit", with the Drake R-8 and all new posters.

Second, we will be looking into a cover for the R-8 to keep it in service longer.

Third, a sign, on an easel, will be ready soon to be displayed outside of the elevator on the 4th floor. This sign and easel will be stored in the back room of the station at night and setup by the opening volunteer.

Fourth, the sign will advertise a daily demonstration of Slow Scan TeleVision. Those operators not familiar with SSTV operation contact Al or Steve for Training.

Finally W3AA will be the Sunday net control on the MS150 again this year and we hope some good publicity comes from this. Your Station Trustee (That's Me) is looking for some of you with a journalistic longing. I would like some of the volunteers to try their hand at writing a column perhaps once a year. I could stand a break after so many issues in a row (how many??). If interested let me know and I will schedule a month at your convenience.

Final note; the TenTec Omni VI should be back from the factory by the time this issue goes to print. And best of all they fixed it for nothing, again.

Steve, WU3I

Internet: <http://www.fi.edu/tfi/exhibits/w3aa.html>

## 161<sup>TH</sup> MONTHLY VE SESSION STATISTICS SEPTEMBER

14 candidates took 24 elements  
4 new amateurs plus 2 upgrade

VE team members:

Dusty Rhoads, ND3Q, Chairman

Carol Hutkin, K2BL; Jim McCloskey, KE3OP;

Jeff Kerber, KE3UV; Thom Scott, KF4I

Jack Haring, W3IIM, is retiring after over 9 years of editing the Blurb. He has done an outstanding job, by any measure. I would not have taken over the helm from Jack, if it weren't for all his help and encouragement. Below is an interview I had with Jack. Editor, N3TAL.

**N3TAL. When did you become a Ham?**

**W3IIM.** In 1956 Jinny (W3IIN) and I got our licenses consecutively, as you can imagine. We both started out as Novices, and then became Generals within the one-year required back then.

**N3TAL. Do you have any other hobbies?**

**W3IIM.** I'm a former church organist/choir director. I am also interested in boating, and have a 23' boat that we use to get back and forth from the mainland to the island we live on in Florida. Computers take up a good bit of time, too!

**N3TAL. What got you interested in amateur radio?**

**W3IIM.** I was always a fixer; interested in electronics. During WW-II my father introduced me to his friend, Mason Frankenfield, W3PBR, who was a member of the Haverford Township Emergency Radio Net, and subsequently, the first official operator, back in 1952, of W3TKQ. Later, W3GQD, a friend who was also a ham, helped and encouraged us to obtain our licenses.

**N3TAL. What mode of operation do you use most frequently?**

**W3IIM.** I'm on 2-meters exclusively now, and haven't been on the low bands in a couple of years. I have low band rigs though, and will take one to Florida this winter, so I can check-into the 10-on-10 net.

**N3TAL. How long have you been editing the BLURB?**

**W3IIM.** It was for 111 issues beginning in June of '89, a bit more than 9 years. I started writing articles for the BLURB back in October '83 when I began a regular column called "Old Business", in which we'd go back into the Archives and pull out information from the BLURB 15 and 30 years earlier, much like they do in QST. As you know, Jinny is the club's Archivist. I did that article for many years, and gradually became more involved sending things to Woody (W3PST). After 130 issues, he finally decided that he had had enough cutting and pasting, and would let the computer age (me) take over.

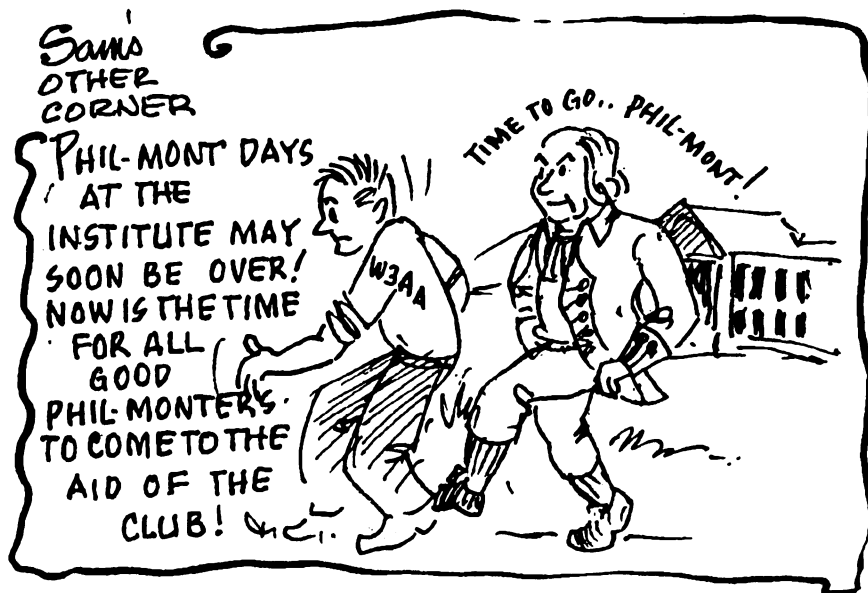

see HARING continued on page 17

## Ever Tried to Surf When the Surf is High?

**H**ave you ever tried to surf the web when the surf is high? The winds are blowing at 75 plus miles per hour. The power just went out and your phone is dead. Well, lots of hams did in North Carolina (NC) in August. When the phones are down, we need Ham radio to get the messages out.

In that same vane we need packet to get the health and welfare messages in and out of an area. In the case of the Hurricane in NC, most of the phone lines were down and the power was out. Hams, that could, were on the Side Band nets. BUT the largest part of the R.A.C.E.S and NTS messages were on Packet. We sometimes forget just how important packet is, because it works, without phone lines, via ham radio. It can get a health and welfare message anywhere in the world — even when the surf is up and the phone lines are down.

It's not a bad idea to keep your packet equipment in good working order, and keep up with all the local BBS's and the frequencies they are on. Packet, in our area, is ever-changing. You should keep current and have yourself listed on one of them as a home BBS. In Montgomery County we are lucky, since we have one of the finest packet BBS's and the backbones to support it. All run by our County. Glen, N3ACL has done a fine job, over the years, keeping it state of the art. So don't wait till the s\*&^ hits the fan to figure out how packet works. Set it up and keep it in good operating order! 73 de Russ, W3CH ☺

## Minutes, September's General Meeting

CAROL SEBZDA, N3PVO  
SECRETARY

**T**he 579th General Meeting of the Phil-Mont Mobile Radio Club was opened at 8:12 p.m. by Russ (W3CH), who welcomed everyone. A motion was made and approved to waive the reading of the minutes. The following committees reported.

**TREASURER** - Mike (K2BN) reported in the month of August we spent a little bit more money than we took in, by about \$20.00. We are right on target against the budget and we have money in the bank.

**MEMBERSHIP** - Len (W3LEN) reported we picked up a few more applicants and we had one new member, Carol Hutkin (K2BL).

**PROGRAM** - Charlie (AA3EP) reported October's meeting will be on APRS. The November meeting is still in the works.

**REPEATER** - Jim (W3BBB) reported the weather alert board is in and working. When it comes up, you will hear a tone and an announcement and then it goes off. If you talk over the announcement, it will turn it off. Also, it will time out. It has been programmed to give alerts for the following counties: Chester, Bucks, Montgomery, Delaware, Philadelphia, Gloucester, Camden, and Burlington.

**SKYWARN** - Art (N3LCV) is looking for a backup net control.

**PUBLIC SERVICE** - Charlie (AA3EP) reported the next event is the MS 150.

**VE TESTING** - Dusty (ND3Q) reported there were 14 candidates for testing at the last session. 24 exams were taken with about a 50% passing rate.

**WELCOME** - Charlie (K3CJ) reported 45 members and 3 visitors in attendance.

**AUDIT** - Jim (KE3OP) reported he completed an examination of the 1997 bank statements and found everything to be in order.

**NEW BUSINESS** - Russ (W3CH) reported Skywarn classes and a regular RACES meeting will be held October 3rd., at 10:00 a.m. at the Montgomery County Emergency Operations Center.

With no further business to discuss the meeting was closed at 8:27 p.m. Hope to see everyone at the next General Meeting. ☺

## New Dress Code Now in Effect at W3AA

**A** new dress code is now in effect for all volunteers who staff W3AA. It is as follows:

For the ladies: A nice dress or pants suit like you would wear to an office.

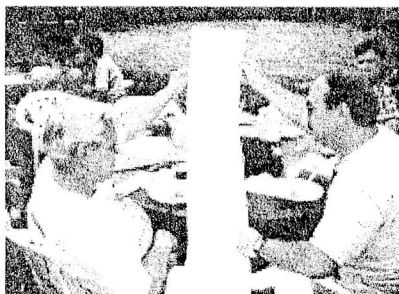

For the gentlemen: A dress shirt (no tee shirts). You may wear a tie if you would like. A pair of dress pants (a dark color, such as, dark navy blue or black), dress shoes (no sneakers). We would like to dress for success and have all the W3AA staff put on a GREAT face!

## Phil-Mont's Second Annual Picnic a Success

The Second Phil-Mont Family Picnic held this past August was a successful event! The weather was very nice. No rain! And it was warm. The pool was a bit cold, but when you jump into 70 degree water, with an air temperature of 90, it will surely feel cold. Everyone who went into the pool enjoyed it. Some people enjoyed playing volleyball. Others played horseshoes.

Once again the General Washington group did a fine job on all the food and service. it was nice to see everyone sitting and having a good time at what Hams do best — talking. The only downfall was the bumble- bee problem. They really have to fix that for next year. I'll work on it.

Till next year,  
73, Chris, N3WCO

Charlie, AA3EP & Gene, N3XKE check out the volunteer list for the MS150

John Scott, of the MS Society and W3CH discuss the upcoming event

Russ, W3CH is in charge of Talk-in

Revelers enjoy the second annual picnic

## DX Report

Joe Pearlstein, NU3Y

H4 - Solomon Islands

H44NC is currently active from New Georgia Island in the Solomons (OC-149) until 2001. With only 50 watts and a dipole, he represents a real challenge. He is on all bands 80 through 10 meters but no WARC bands currently. QSL to: Norried Chaisson P.O. Box 168 New Georgia Island Munda, Western Province Solomon Islands.

There is a lot of useful information available through the Internet with regard to Solar activity and propagation. Auroral activity from NOAA/TIROS [www.sel.noaa.gov/pmap](http://www.sel.noaa.gov/pmap) Primer on sun & space environment [www.sec.noaa.gov/primer/primer.html](http://www.sec.noaa.gov/primer/primer.html) Near real-time MUF map <http://solar.uleth.ca/solar/www/realtime.html>.

Some IOTA (Islands on the Air) info: AS-138 BI5P was the Pingtan (Haitan) Is. operation by the Jujian Islands Hunting Club of ChinaJian. QSL to W3HC.

AS-139 BI7W was on from Weizhou Is. to activate Guangxi Province for the first time. Ops were BD7JA (handling the QSL chores), BD7IA, BG7IB, BD7IX, BD7JG, BD7JK, BD7KW, BG7NI, BG7NQ, and BG7SU.

The regular IOTA net meets 1300 UTC Saturdays on 14260 kHz, while on Sundays it meets on 21260 kHz also @ 1300 UTC.  
Happy Hunting!

## HELP WANTED

**Wanted! Hams who love to talk and demonstrate Ham radio to the public.**

The Phil-Mont Mobile Radio Club is looking for Hams to help staff its world class Ham station at the Franklin Institute in Philadelphia, Pa.

Your duties will include: working all bands and modes. You can experience DX through Satellites, Teletype, and HF. You'll work fast and slow scan TV and Packet. This is on all bands from 160 meters through 70 centimeters using the club call W3AA.

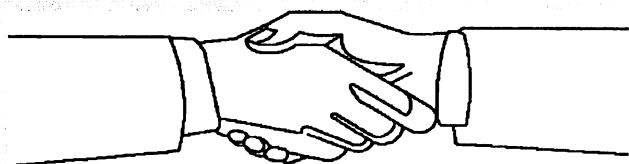

We will train you! Age is not important, but a current ham license is a must. Shifts are one day a week and only four hours long. If you would like to apply or get more information, please contact Russ, W3CH at:

Packet: W3CH@w3ch.#sepa.pa.usa.noam

Phone: 610-631-3401 ext. 902

Mail: Box 379 Eagleville, PA 19403

*Minutes continued from page 4*

and a 17" monitor to replace the existing 13" Slow Scan monitor. The proposed 27" TV would be mounted on a bracket outside the station and would be used for 5-10 minute taped demonstrations on amateur radio as well as a display of slow scan. Also discussed was obtaining a color printer, so color slow scan pictures could be handed out to visitors. A motion was made and approved to obtain an ink jet printer for this purpose. Russ (W3CH) also reported he would be placing an advertisement in the newsletters of local radio clubs looking for volunteers to help out at the station. It is very important to have the station manned if we want to keep the station a viable exhibit at the Franklin Institute. Steve (WU3I) also reported the 220 radio was repaired and was on its way back. The person who repaired the radio asked the club to pay him what we felt the repair was worth. After a brief discussion a motion was made and approved to send a check for \$60.00. The next subject for discussion was the 820 that belongs to the club. A motion was made and approved to donate the radio to the Westown School, where it would be well used. Last reported, the ATV camera needs to be looked at.

**BLURB** - The Board wishes to thank Jack (W3IIM) for all of his hard and dedicated work as the outgoing editor of the Blurb, and welcome to Dean, (N3TAL) the new editor.

**PUBLICITY** - Russ (W3CH) asked about the possibilities of sending a small article to QST on the help we give to the MS150. Dick (W3RM) agreed to take on this task. **OLD BUSINESS** - Dick (W3RM) advised the Board the liability insurance was due for renewal. A motion was made and approved to pay the premium.

**NEW BUSINESS** - Russ (W3CH) reported he would be sending out an ad to other club publications for volunteers at W3AA.

With no further business to discuss, the meeting was closed by Russ (W3CH) at 10:01 p.m. Thanks to Russ (W3CH) and Chris (N3WCO) for hosting the meeting. □

## Wanted - Free or for very little money!

Your Field Day Committee is looking to acquire a pop-up trailer for the cooking station. The kitchen we have had for the last 2 years is being put on a site in Coatsville and will not be brought to Fort Washington, again. If you know of someone who has a trailer they are not using let Steve WU3I know at 215-535-8061. We are hoping for a donation but will consider a purchase if necessary. □

## Thanks from N3QIE

In this October issue I would like to express thanks to those who signed my petition for the Battleship New Jersey. In particular — Russ, W3CH and Dusty, ND3Q. Our efforts to bring the ship to Camden, N.J. seem to have almost failed. However, the fight is still on. It's not over, yet!—73, Sam.
